Chinmaya Vidyalaya
Chinmaya Gardens,
Kolazhy, Thrissur - 680010

HISTORY

Organization

Chinmaya Vidyalayas are run under the auspices of the Central Chinmaya Mission Trust, Bombay, in different parts of the country. The Vidyalaya in each place is administered by a Managing Committee under the regional Trust consisting of the local members of the Chinmaya Mission and other people interested in the cause. The School has nursery as well as primary classes in most of the centres. Montessori and other modern systems are adopted in the nursery section. In the primary classes we follow the curricula of other recognized schools. The medium of instruction is English.

In a growing child, individuality unfolds over the years. Stage by stage his awareness and understanding abilities and capacities unfold as he becomes more and more aware of our world and gradually he moves from the dim consciousness of infancy

through the dreamy days of childhood, to the intellectual awareness of adolescence and beyond to adulthood. We should assist in this awakening process in the healthiest possible way by bringing to the child the right kind of educational nourishment. This is what Chinmaya Vidyalaya is aiming at with sincerity in the best interests of the children and their future..

About the School

Chinmaya Vidyalaya, Kolazhy, Thrissur, a Vidyalaya with a difference, has carved a niche for itself in the field of education. The Vidyalaya had a humble beginning in the year 1979. A group of dedicated devotees of Chinmaya Mission Educational and Cultural Trust, Thrissur, is working behind every activity of the Vidyalaya. The Vidyalaya became a full-fledged secondary school in 1990. In 1991 the Senior Secondary classes were started. It was started to perpetuate the ideals of its founder H.H. Swami Chinmayananda and his vision of "catching them young". The Vidyalaya has gained the ISO 9001:2008 in the year 2009 [from December 2009].

The Vidyalaya provides a platform for the holistic growth of the learner. The quality policy of the Vidyalaya is to offer the child a value based and holistic education which paves the way for the integrated development of the physical, mental, intellectual, spiritual aspects of the personality enriched by knowledge of Indian culture, a feeling of patriotism and a universal outlook.

The facilities include airy, ventilated classrooms, fully equipped labs., adequately stocked library, most sophisticated computer systems, digital classrooms, audio-visual room with facilities like LCD projector, OHP, TV, computers, sports and art rooms, an international-standard basketball court, a spacious playground and an auditorium.

The Vidyalaya has to its credit a number of activities to provide the children with ample opportunities to interact and learn. The Staff of the Vidyalaya is provided with Orientation Programmes, Yoga, Sanskrit Studies, Satsang, etc., to rejuvenate them. The main

emphasis in the nursery and primary section is to make teaching and learning a joyful and stress-free experience for children. On Navarathri day, a special programme "Mathrupooja" is organized in the Vidyalaya followed by an Alumni meet and the high achievers from different streams are honoured.

The students can opt for 2 streams- Science and Commerce - after their 10th with different combiNations at the +2 level. The school begins at 08:30 A.M. and ends at 03:00 P.M.

The Vidyalaya has to its credit a sprawling vegetable garden that has brought State level recognition. A herbal garden project launched by OISCA international has been started in the Vidyalaya campus in 2006. The campus is going green and beautiful with various medicinal plants, ECO club, energy conservation club, Apan Mithra - the accident management cell, seminars, youth festival, SPICMACAY etc. to interact and learn. The Vermi-compost, which provides manure, is a landmark project started by ECO club. A very active troupe of Scouts and Cubs and a company of Guides and Bulbuls are always on the toes to render their services. As part of the school activity, the school has ventured into community services also. The Vidyalaya is a member of Student Empowerment for Environmental Development Project [SEED Project] - a joint venture of Mathrubhumi & Labour India Publications supported by the State Government. This project initiative aims to create awareness among the growing student community on environment and empower them to protect the water, air and soil. The project aims to pave way for a new green culture by assembling High Schools, Higher Secondary Schools and Upper Primary Schools in the State. The functional activities aim to strengthen the students to ensure environment-friendly growth and development..
